

## **CONFLICT MINERALS POLICY**

Dynamment Ltd supports the ending of violence and human rights violations in the mining of minerals from the area known as the “Conflict Region” in the east of the Democratic Republic of Congo (DRC) and surrounding countries.

Dynamment Ltd is committed to the ethical sourcing of minerals used in our products. We are assessing whether our products contain Conflict Minerals from the Covered Countries.

Our goal is to refrain from purchasing Conflict Minerals from the Covered Countries for our products except for those materials that are certified by an independent third party as “conflict free.”

The global supply chain for these minerals, however, is complex, and tracing the minerals in our products to their source is a challenge.

Dynamment Ltd is working diligently with our suppliers and other stakeholders to improve and systematically address the process for sourcing minerals that are "conflict-free."

Dynamment Ltd expects its suppliers to these aspects of its business to only source minerals from responsible sources.

Signed for and on behalf of Dynamment Ltd.
